Dear Parents and Carers,

Year 1 to Year 6 Children

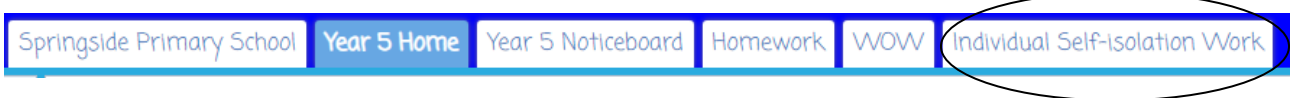

This letter is to explain to you what we are doing to try and help you to keep your child's education progressing if your child is unable to attend school due to self-isolation cause by waiting for test results or the closure of a bubble.

Individual who is self-isolating for a few days

On the school website, in the class area, each teacher has created a tab called 'individual self-isolation work'. Inside this tab, you will find lots of activities which your child can do whilst at home.

Click on this link and choose your child's class from the drop down menu.

Group of children who are self-isolating for 14 days due to a bubble closure

Should your child's class be sent home to self-isolate due to a positive case, your child's teacher will create a tab called 'class closure work' (accessed by the same method as above).

This tab will be refreshed every day with new work which will be much more structured than it was during lockdown. Children will be expected to complete as much of the work as they can and the teacher will upload instructional videos on class dojo in order to help move your children's learning forwards (rather than practice already learnt skills).

Please contact us as soon as possible if you are not able to access the online learning. We can provide paper packs and we could also possibly lend you a school laptop.

Yours faithfully

Miss G Thornicroft, BSc (Hons), NPQH
